

Pathways to  
**POSSIBILITIES**

# Join us!

## Help us build pathways to hope!

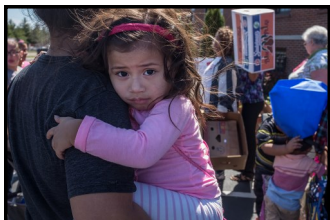

**C**atholic Charities of Tennessee was established in 1962 to coordinate the process of providing social services to neighbors most in need. The Diocese of Nashville then covered the entire state of Tennessee; today our focus is on 38 Middle Tennessee counties. Approximately 70,000 service connections took place last year.

The agency offers a host of services through more than 40 programs to clients of all ages, from developing babies to seniors. Services are available to people of every religious, ethnic, cultural and racial background.

Catholic Charities provides direct services through three departments:

- **Social Services:** senior services; individual, family, and marital counseling; child abuse prevention; trauma and loss counseling for youth affected by crime; homelessness prevention and rehousing; and pregnancy counseling and adoption services, including domestic and international adoption services.
- **Refugee and Immigration Services:** resettlement assistance to refugees from around the world to facilitate acculturation and enhance the chances for self-sufficiency and assistance to immigrants.
- **Family Assistance and Community Employment:** addresses basic needs such as food, shelter, clothing, and financial literacy where most needed in the community; offers employment training; and oversees the Hispanic Family Services program focused on health and education needs designed to enhance the chances for self-sufficiency. Program locations include North Nashville Outreach (McGruder Family Resource Center), South Nashville Family Resource Center, the Job Training Center (including the Sewing Training Academy), and Loaves and Fishes.

Indirect service is provided through the **Tennessee Office for Refugees** which administers federal funding for refugee services statewide through contract partners and through advocacy support locally.

Some of our services, thankfully, have dedicated multi-year funding. Many key services, though, have no such backing. For these, we must go into the community to raise funds.

The unrestricted dollars raised let us serve nutritious meals twice a day Monday, Wednesday, and Saturday at **Loaves and Fishes**, provide emergency housing assistance at **North Nashville Outreach**, connect with seniors living alone through **Living at Home**, provide **counseling** assistance to people of all ages struggling with life's everyday challenges, and more. ~ Odd as it seems, these critically important services we are called to provide often have little in the way of formal funding available.

Pathways to Possibilities allows us to connect with friends old and new, explain how we help our neighbors in need, and, humbly, ask for support, so we can continue to serve in these critical ways. [Many are surprised to learn that less than 3.5% of our funding comes directly from the Diocese of Nashville.]

Last year, with 330 attendees and no presenting sponsor, we raised more than \$100,000. This year, with **Saint Thomas Health** on board as Presenting Sponsor and former Nashville Mayor **Karl Dean** continuing as our guest host, our sights for the 5th Annual Pathways to Possibilities are on 400+ attendees and a significant boost in proceeds.

Please join **Catholic Charities of Tennessee** and **Saint Thomas Health** in a leadership role supporting Pathways to Possibilities. With your help, we can continue to make such amazing differences in the lives of those most in need in our community.
